Ried Schüttenberg 2021

Available in
750ml / 1.5L

SITE & SOIL At 278 metres above sea level, the Schüttenberg is the highest elevation in the Arbesthaler Hügelland (Arbesthal hill country), with slopes that run toward the south and the west. The very warm, south-facing vineyards are naturally planted with red wine varieties. The west-facing portion, though, which is surrounded by woodlands, provides the ideal conditions for white wine. Here there is more of a limestony topsoil, with morning and evening temperatures that are cooler than in the rest of the vineyard. Here our 1.2 hectares of Chardonnay can ripen until late in the autumn, without ever yielding 'fat' wines.

GRAPE VARIETY Chardonnay

VINTAGE 2021 A vintage just the way we like it! We could not have ordered better weather: spring brought a great deal of precipitation and then there were no heat waves in summer that overstayed their welcome. In the autumn we were able to harvest everything by hand under optimal conditions. Perfect maturity with a marvellous backbone of acidity! Wines showing beautiful opulent body, plenty of finesse and splendid freshness await – be curious!

DESCRIPTION An authoritative and complex example of the Pinot family, one that does not spare the opulence – although at the same time its salty minerality and tightly woven texture provides distinctive elegance. A wine that has a long life ahead of it, one that will continue to unfold new layers of complexity.
